PRESIDENT MAHLANGU END OF THE YEAR WORDS OF ENCOURAGEMENT

Dear beloved members of Teachers Christian Fellowship.

As we celebrate the festive season, I want to take a moment to express my heartfelt gratitude to each and every one of you for your tireless dedication to serving our Lord Jesus Christ in the noble profession of teaching.

May this special time of the year remind us of the true meaning of the Christmas: the birth of our Savior Jesus Christ, who brings us hope, love and salvation. As teachers, we have the unique privilege of sharing this hope with our students and colleagues.

As you celebrate with your loved ones, remember to take time to rest, reflect, and recharge. May God bless you with joy, peace, and strength during this festive season.

Let us continue to uphold one another in prayer, that we may be empowered to fulfill our calling as Christian teachers, shining the light of Christ in our schools and communities.

Wishing you a blessed and joyous festive season!

Blessings

May the joy of the Lord be your strength.

May the peace of Christ be your guide.
May the love of God be your inspiration.

Blessings,

Nancy Mahlangu.

President, National Teachers Christian Fellowship.

Why Teachers Christian Fellowship?

- Parents have entrusted the whole child to the teacher and silently said, "Take this child and nurse him for me,"(Exodus 2:9)
- Teachers are responsible for the development of the whole child, mentally, physically, socially and spiritually (Luke 2:52), with the assistance of the ministers of religion
- The average lifespan of 70 years, the child spends a third with the teacher as most parents do not have time to teach their children accordingly because they are at work consequently the child lacks Christian influence
- A nation without God's guidance is a nation beset with hatred, racism, sexism, corruption, violence, murder, promiscuity, drunkenness and chaos
- The Lord Jesus commanded, "Go ye unto all the world and make disciples....." but for teachers the world comes to them five days a week.
- Now, therefore, the teachers can go "train up the child in the way he should go and when he is old he will not depart from it" (Proverbs 22:6).
